Fast and easy installation. Uses sturdy wire clamps – no wrap-around of screws.

Affordable Comfort Control

The Robertshaw 9610 programmable thermostat is the perfect solution to keeping your home comfortable year-round. Not only that, setting back your thermostat twice each day can reduce energy costs up to 25%. **Set it and save.** Today's busy lifestyle demands hands-free temperature control, and with a programmable thermostat, you've got it. In QuickSet™ mode, set seven daily programs for summer and winter all at once. Individual days can be customized to match any lifestyle. You will always come home to a comfortable setting, and you'll save energy without even thinking about it.

The 9610 is compatible with all standard 24 Volt AC heating and cooling systems, including single stage heat pump systems.

When you select a Robertshaw thermostat, you've made the choice of an industry partner that's been making quality products for 100 years. Come home to affordable comfort. Come home to RobertshawSM.
